Universal Soldering Kit

Item No: WCACCK1-02
Weller® Universal soldering Kit

YOUR BENEFITS

- Universal Kit
  Kit includes: 1 ounce of Rosin Flux Paste, .5 ounces of Tip Tinner, one Flux Brush, and one Brass Wire Cleaner with Silicone Holder to ensure effective soldering joints and extend life of soldering tip
- Improved Solder Joints
  Apply lead free and RoHS compliant Rosin Flux Paste with flux brush to improve wetting and flow of solder for easier soldering and improved solder joints.
- Dry Soldering Tip Cleaning
  Brass wire cleaner supports cleaning of the tip where wetting is not needed.
- Extend Tip Life
  Lead free and RoHS compliant tip tinner removes oxidation from soldering tip and will not leave a corrosive residue
- Use with
  Items can be used with soldering irons, soldering stations, and soldering guns for electronic projects and repairs
