

Item No: 576TX1

The Weller Erem distance cutters are available with fixed and variable cutting lengths. With the distance cutters wires can be cut to the correct length. They are also suitable to fix components. The tips are polished as to prevent board damage. The cutters are made from high grade tool steel with tungsten carbide inserts along the cutting edges (over 80HRc).

## KEY FEATURES

- + The jaws of the cutter have straight edges and taper to a point. This head shape allows access to difficult to reach areas but reduces the cutting capacity in comparison to the same size oval head cutter.

## TECHNICAL DATA

Length	115.0 mm
Application	Medical Technology
Head Length	18.5 mm
Head Thickness	6.0 mm
Head Width	11.0 mm
UPC	037103188410
