

595T

Item No: 595T

The Weller Erem Series 500 Micro is a full range of medium sized, robust, precision cutters with a wide range of head shapes. The cutters are made from high grade tool steel with tungsten carbide inserts along the cutting edges (over 80HRc). The precision cutters have a nonreflecting surface, are ESD safe and resharpenable.

KEY FEATURES

- + The jaws of the cutter have straight edges and taper to a point. This head shape allows access to difficult to reach areas but reduces the cutting capacity in comparison to the same size oval head cutter.
- + Tungsten-carbide cutters

TECHNICAL DATA

Length	115mm
Application	Medical Technology
Head Length	19mm
Head Thickness	6mm
Head Width	11mm
UPC	043127077050
Weight (Catalog)	0.067 kg
