

RTM Measuring Tip

Item No: T0054461399N

RT Measuring tip for WXMP / WMRP

High performance active tip RT Micro for micro & standard components covering the wide range of applications

KEY FEATURES

- ⊕ RT Micro Soldering Tips for WXMP / WXMP MS Soldering Irons
- ⊕ High performance active tips for micro and standard components
- ⊕ Versatile performance for micro and standard components covering the widest range of applications (Aerospace, Military (only MS versions), Electronics, Sensors, Medical devices, Automotive)
- ⊕ Covers the widest range of geometries and sizes

TECHNICAL DATA

Length	26mm
Diameter	2.8 mm
Power	40 W
Quantity Per Package	1
Tip Range	RTM
UPC	4003019417575
Works With	WMRP WXMP
Product Family	RT Micro Active Soldering Tips
