# RTMS 002 C L MS

Item No: T0050108199
RTMS Micro tip, conical, long Ø 0.2 mm, MIL-SPEC

## KEY FEATURES

- Perfect for All Micro and Standard Applications for micro and standard component sizes:
  Smart high performance active tips for micro and standard components: 0504 to 1608 (M to L)
- Extremely Fast 5-Second Heat-up Time
- Maximum Precision:
  Short tip-to-grip distance and optimized shape provides maximum precision during the soldering process.
- Wide Tip Range for Every Application:
  More than 40 smart universal soldering tip shapes and sizes that are connectable to just one soldering iron, with no need for additional tools.
- Clear Identification Smart Tips
- Full Process Control with Tip Lock Function
- Full Traceability with Tip ID Number and Integrated Data Storage
- Accurate Data Results with Tip-Offset Function
- Fast, Safe and Easy Tip Exchange
- Maximum Protection:
  (IPC industry standards - TM-650 2.5.33)
