WXUPS MS

Item No: T0052923599
Smart ultra soldering iron WXUPS MS 150
W, 24 V

KEY FEATURES

➕ Perfect for Heavy-Duty Soldering Applications:
component sizes from 1612 and bigger (XL to XXL)

➕ Extremely Fast 7-Second Heat-up Time

➕ Precise and Fast Heat Transfer and Fast Recovery Time

➕ High Power at the Point:
Thermal Core Technology provides 150 W power, delivering heat through the joint, even
providing precisely soldered multilayer boards

➕ Easy Tool Identification with Visual Process Control

➕ Intelligent Tool Detection protects from Defaults

➕ Save Individual Soldering Processes with Integrated Parameter Memory

➕ Fast, Safe and Easy Tip Exchange

➕ Reduced Energy Consumption thanks to a Motion Sensor

➕ Maximum Protection:
(IPC industry standards)

Fast. Precise. Smart.
