

6966EK Hot Air Gun

Item No: 6966EK

Hot air heat gun 250 W / 230 V

The hot air gun can be used for heat shrink applications or drying and to detect faulty components on circuit-boards. Cooling is also possible because the air flow is independent of the heater.

KEY FEATURES

- For heat shrinking, drying or to detect faulty components on circuit boards
- Cooling is possible because the air flow is independent of the heater
