

## 6966EK Hot Air Gun

Item No: 6966EK Hot air heat gun 250 W / 230 V

The hot air gun can be used for heat shrink applications or drying and to detect faulty components on circuit-boards. Cooling is also possible because the air flow is independent of the heater.

## **KEY FEATURES**

- For heat shrinking, drying or to detect faulty components on circuit boards
- Cooling is possible because the air flow is independent of the heater
- With F-Type (Schuko) Plug

## **TECHNICAL DATA**

| Height  | 250mm                  |
|---|------------------------|
| Length  | 220mm                  |
| Dimensions L x W x H                            | 220.0 x 85.0 x 250.0mm |
| Approximate Heating Time (50-350 °C/120-660 °F) | 10 sec                 |
| Hot Air (picto)                                 | Yes                    |
| Power   | 210 W                  |
| Temperature Range °C                            | 425 °C                 |
| Temperature Range °F                            | 797 °F                 |
| UPC   | 037103257956           |
| Weight (Catalog)                                | 0.50 kg                |
| Product Family                                  | Hot Air Guns           |
