

T0054104699

Item No: T0054104699

Genuine Weller WE1010 5 Pack ET Soldering Tip. The Weller genuine ET Series Tips are designed to be used with the WE1010 Soldering Station which is a professional station that performs high efficiency and precision soldering applications.

KEY FEATURES

- + **Effective heat transfer:**
High quality copper core delivers effective heat transfer to the solder point.
- + **Longer life:**
Iron and chrome plating extends the service life of the soldering tip.
- + **WELLER GENUINE TIPS:** Weller genuine ET tips have a long life, which reduces the total cost of ownership for WE1010 Series Soldering Station. Over time, this soldering station could even pay for itself through decreased costs for tips and maintenance.
- + **HIGH QUALITY SOLDERING:** Genuine Weller Tips designed to work with the WE1010 Series Soldering Station and offers temperature stability and a temperature lock feature that provides tip, component and printed circuit board protection as well as repeatable soldering results
- + **PROPER TIP SIZE SELECTION:** Select your Genuine Weller Tip size and geometry to ensure it is sufficient to effectively heat the joint
- + **DESIGNED FOR USE WITH:**
Weller ET Soldering Tips are designed to be used on the following Weller Soldering Station Models: WE1010, WE1010EDU, WES51/50, WESD51, LR21
- + **EVITA QUE EL SENSOR SE ENCOLE**
Las puntas de soldadura de la serie ET de Weller cuentan con una tapa de acero inoxidable en la abertura del sensor. Esto evita que el sensor de temperatura de precisión del soldador WEP70 se obstuya.
