

### INCREASE PRODUCTIVITY

High performance cleaning process, cleans tips fast and clean in only 1 second with automatic on/off function.

### REDUCE COSTS

Improved heat transfer delivers consistently high quality soldering results. Optimal tip care extends tip life up to 2 times compared to manual cleaning.

### FREE OF DEBRIS

Debris free workspace, no splashes that could damage workpiece; for total control of the soldering process.

### UNIVERSAL

Universal cleaning of soldering tips and tweezers, giving highest flexibility in demanding soldering environments.

Maintenance-friendly, hygienic emptying of the collection tray.

Automatic ON/OFF activation.

Different brushes for different cleaning intensities.

CLEANING IN JUST  
**1 SEC.**

UP TO  
**2x**  
LONGER TIP LIFE
