

1178MN

Item No: 1178MN
5-5/8" ESD Safe Heavy-Duty Shearcutter

Weller® Xcelite® heavy duty Shearcutter with blue cushion grips is ESD safe and designed for IC pins, cables, and harnesses

KEY FEATURES

- Weller® Xcelite® heavy duty Shearcutter with blue cushion grips is designed for IC pins, cables, and harnesses
- Shearcutter flush cutting tools require less than half the operator force of most wire and lead cutting tools and transmit proportionately less shock to the component
- Flush cutting for precise tip cutting and delicate applications which require minimal shock transmittal and wire tip "pinch"
- Suitable for cutting small wire up to 14 AWG, zip ties, plastic and more. Not recommended for greater than 20 AWG or hard metals.
- Comply with MIL-STD-2000, DOD-STD-2000, and WS-6356E standards
- Grips are molded of wide, shock-absorbing material for operator comfort
- Weller Xcelite has a full line of high-quality durable precision hand tools, specialized tools, and kits that are expertly crafted for their specific task. For the hobbyists and prosumers who depend on precision hand tools, Xcelite has been the favorite of service technicians for almost 100 years.
