

## WXMP MS

Item No: T0052921399N

Micro soldering iron WXMP MS 40 W,  
12 V (hand piece without tips) for  
Active-Tip Heating Technology

## KEY FEATURES

- + Intelligent Micro soldering iron 40 W, 12 V
- + Military Standard
- + For very small components with high energy demand
- + For very small components with high energy demand
- + For WX station
- + Parameter memory such as standby temperatures, automatic switch-off time
- + Reduces total costs of ownership due to motion sensor
- + RT solder tips can be changed quickly and easily
- + Active Tip (Cartridge)-System allows exchange of soldering tip despite a hot soldering iron

# TECHNICAL DATA

|                                                 |                                     |
|-------------------------------------------------|-------------------------------------|
| Approximate Heating Time (50–350 °C/120–660 °F) | 5 sec                               |
| ESD Safe                                        | Yes                                 |
| Integrated Direct Extraction                    | T0052918599                         |
| Power                                           | 40 W                                |
| Safety Rest                                     | WSR200                              |
