

RTP 010 K

Item No: T0050104599

RT Pico Soldering tip, knife 1.0 mm

High performance active tip RT Pico for smallest micro components: 0402 down to 01005

KEY FEATURES

- + RT Pico Soldering Tips for WXPP Soldering Irons
- + High performance active tip for the smallest components: 0402 down to 01005
- + Made of the smallest precision soldering applications (Aerospace, Military (only MS versions), Electronics, Sensors, Medical devices, Automotive)
- + Accurate Tip temperature: No temperature fluctuations and therefore no damage of components/workpiece
- + Short tip-to-grip distance for maximum precision
- + Tool-less tip change: The tip can be changed in no time, without using any additional tools, which brings significant time and cost savings
- + Short distance from the tip to the handle: Enables easy handling even when working under a microscope
- + Boomerang Grip for more Ergonomics: Offers excellent hold and grip, easy movements and conduct of the tool without slipping even after long use
- + All of Weller Active Tips have the Weller Part Number and Logo engraved, which makes reordering easy and helps prevent any counterfeit issues - guaranteeing the High Weller Quality
