

## **CBC-A Extraction Cabinet 4 x Easy Click 60 120 Volt**

Item No: CBCA112G04G65I2115  
Air Curtain Cabinet

The air curtain cabinet CBC-A works with a unique air ventilation concept that separates the operator from the process by a dual air curtain system. This prevents fumes from entering the large front opening. The fumes get extracted through a central ventilation or a mobile filter system. A min. extraction volume from 180-230 m<sup>3</sup>/h is needed. The connection of 2 pcs. MG 100 extraction units is recommended, or the Zero Smog 6V

## **KEY FEATURES**

- + Lower running costs compared to conventional extraction systems: the CBC-A needs only 200 m<sup>3</sup>/h, conventional systems with the same opening need 1000 m<sup>3</sup>/h
- + Mobile System for flexible use on a work bench or trolley.
- + Compatible with the Weller Easy-Click system
- + Quiet operation
- + ESD Safe
- + Large open front working area with no glass screen.

TECHNICAL DATA

Length	29.9 in
Dimensions L x W x H	760.0 x 1275.0 x 625.0mm
ESD Safe	Yes
Power	65 W
UPC	037103295743
Weight (Catalog)	53.00 kg
Product Family	Extraction Hoods for Filtration
